

How to Customize Your Profile

Profile pages are automatically linked to entries posted by you. Information added to profiles pages will also be displayed under your posts.

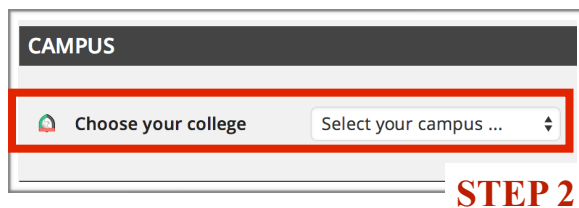

STEP 1:

After logging into your account, you can customize your profile by clicking on Edit your profile from the top admin bar.

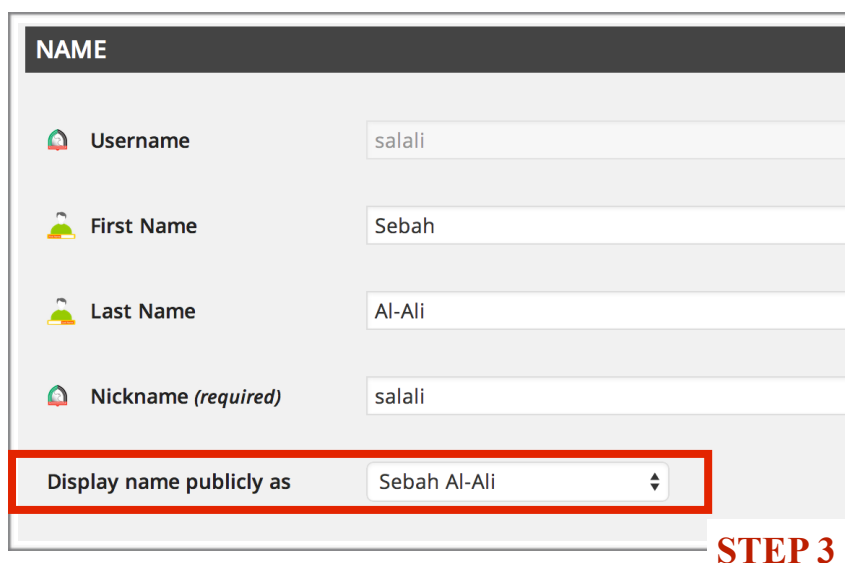

STEP 2:

Choose your college.

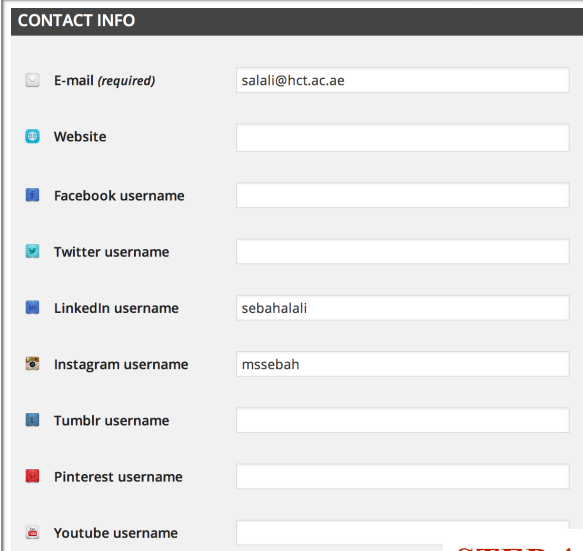

STEP 3:

Scroll down to the name section. Your first and last name are automatically added for you. Make sure that the correct format for your name is chosen to be display publicly.

STEP 4:

In the contact info section, you can add your website and your usernames in the different social media outlets to allow others to connect with you. Make sure you only add your username, not your account link.
